Product specifications:
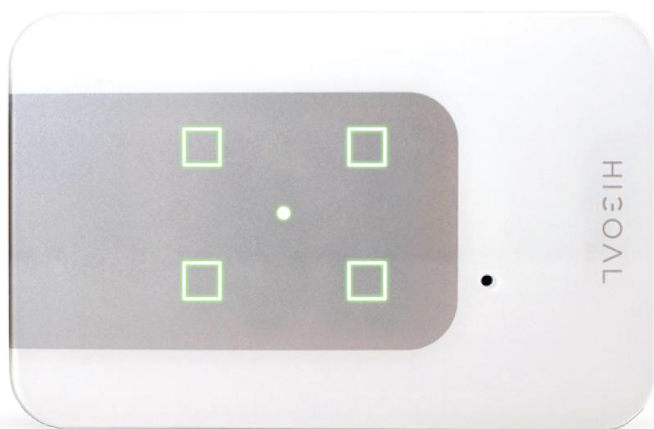

Outputs:	4 x 5A (each)

Options:	• 4 operations buttons:
	  – 4 programmable outputs
	  – Can be defined as functions (Scenario, Duplicate) On/off, momentary, curtain, Scenario, Duplicate
	• 4 On/Off or 2 electric shutters
	  or any other combination

Dry contact:	4 input
IR SENSOR:	Built-in
Mini speaker:	Built-in
Rated Voltage:	AC 110-230V, 50/60 Hz
Standby current:	60ma
Updates:	Firmware Over The Air (FOTA)
Front panel:	• 1.5 mm glass cover • 4 operating buttons + 1 function button • RGB LED indicator for each button
LED indicator:	Different color indicator for each operating mode
Dip Switch:	10 mini switches
Operating frequency:	2400-2483 MHz
Transmission power:	0.04w
Transmission bandwidth:	20 MHz
Modulation:	DSSS, CKK, OFDM
Weight:	0.167 KG
Energy metering range:	50-3600w
